## BMUS UCD Ultrasound Study Day
## Saturday 29th February 2020

Following the success of the previous UCD and BMUS Study Days, we are delighted to return to Dublin for a fantastic educational event in 2020.

Experts from Ireland and the UK join us again to deliver this educational and stimulating programme. We have taken topics from previous event feedback to pull together an interesting and varied programme but with the theme of delivering Top Tips to improve practice.

In addition, there is an opportunity for a hands on Masterclass in Head and Neck Ultrasound, delivered by a fantastic team led by the BMUS President, Dr Rhodri Evans. Numbers are limited to 20 and will be available on a first come first served basis – book early to avoid disappointment.

And for those ardent Six Nations fans (BMUS President & President elect) we have specifically arranged a Saturday with no matches so all friendly rivalry can be put to one side as we enjoy another excellent study event in Dublin.

## 1 Hour Head and Neck Masterclass

You will need to register for this session at the time of booking and places will be limited. The Masterclass will start during the lunch break at 13.30 and finish at 14.30. There will be a small £15/€17 fee for attending the Head and Neck Masterclass.

Faculty: Prof Rhodri Evans, Mrs Catherine Kirkpatrick, Mr Gerry Johnson
