

Ultrasound 2015

47th Annual Scientific Meeting of the
British Medical Ultrasound Society

Advanced MSK Imaging

Organised by A Hall

11th December 2015

Integrated Training:

A full day of MSK training aimed at radiologists, registrars, sonographers, physiotherapists, rheumatologists and orthopaedic surgeons with experience in musculoskeletal ultrasound, wishing to expand their knowledge base in MSK ultrasound. We explore latest techniques and management pathways with experts in their field.

The day commences with a full morning of practical training for the more advanced practitioner and gives delegates an opportunity to discuss the latest in imaging and diagnostic techniques in a workshop setting.

Faculty: N Delves, S Duffy, P Mullaney, P Wardle, A Carne, R Thompson

The afternoon plenary sessions reflect the diversity of professions now using ultrasound and topics include the use of ultrasound in rheumatology, interventions in the foot and ankle, advanced imaging of the groin and the use of ultrasound imaging in sports injuries. Lecturers include: P Mullaney, P Wardle, A Carne, R Thompson, G Davies

Member - £193 Early Bird / £250 Post Early Bird

Non Member - £232.50 Early Bird / £285 Post Early Bird

Discounts available for retired/student BMUS members and 3 day registrations.

*Suitable for those who
already work in MSK
ultrasound who wish to
further and broaden their
experience.*

27th Sep 2015

Early Bird Deadline

29th Nov 2015

Registration Deadline
