

DAY 1 - WEDNESDAY 7th December 2016

	PLENARY 1	PLENARY 2	PLENARY 3	PRACTICAL WORKSHOPS
09.15	Conference Welcome by Dr Carmel Moran, BMUS President			
09.30	<p>Obstetrics 1 Chairs : T Overton & A McGuinness</p> <p>New Opportunities for the First Trimester Scan <i>M To</i></p> <p>Multiple pregnancy in the 1st trimester – findings and pitfalls <i>B Martin</i></p>	<p>MSK Fundamental Chairs - J Dent & M Maybury</p> <p>What the shoulder surgeon wants to know from ultrasound imaging <i>J Dertavitian</i></p> <p><i>Practical demonstration of a shoulder scan</i> <i>C Drury</i></p> <p><i>When alternative imaging is more appropriate than ultrasound</i> <i>D Taylor</i></p> <p><i>Proffered Papers</i></p>	<p>Physics 1 - Chairs - N Dudley & C Moran Modern Controls</p> <p>Advanced processing: Under practitioner control? <i>S Wolstenhulme</i></p> <p>Equipment management: Good practice! <i>F Fedele</i></p> <p><i>Proffered Papers</i></p>	<p>MSK Advanced</p> <p>Chair : R Wilson</p> <p>This workshop is intended for those with a sound knowledge of ultrasound and a reasonable knowledge of MSK scanning techniques, ready to extend their practice to a more advanced level.</p> <p>Must be pre-booked.</p>
10.30 - 11.00	Refreshment break			
11.00	<p>Obstetrics 2 Chairs - Tim Overton & Simon Freeman</p> <p>Peter Twining Lecture</p> <p>'Antenatal diagnosis of abnormally invasive placenta'</p> <p><i>Prof S Robson</i></p> <p><i>Proffered papers</i></p>	<p>MSK Fundamental Chairs - J Dent & M Maybury</p> <p>Ultrasound imaging of the foot & ankle <i>S Duffy / S Savage</i></p> <p>Ultrasound Imaging of the hand & wrist <i>L Waring / K Rigby</i></p>	<p>Physics 2 - Chairs : N Dudley & C Moran Advanced Technologies</p> <p>Vector Doppler: Technology and Clinical Impact <i>K Lindskov Hansen</i></p> <p>Elastography: Shear or Strain <i>Prof A Lim</i></p>	<p>MSK Advanced Chair : R Wilson</p> <p>A continuation of the earlier morning session. An opportunity to gain hands-on scanning practice, advice and pearls from experienced MSK radiologists and sonographers on cutting edge ultrasound systems.</p>
12.30 - 13.30	Lunch break			
13.30	<p>Obstetrics 3 Chairs : T Overton & C Kirkpatrick</p> <p>3D Scanning – is it worth it? <i>S Dornan</i></p> <p>Ultrasound assessment of anomalies of the fetal thorax <i>G Tydeman</i></p> <p>Ultrasound diagnosis of Facial Anomalies <i>P Moran</i></p>	<p>MSK Advanced Chairs : N Delves & A Carne</p> <p>Ultrasound imaging of the upper limb <i>Prof C Martinoli</i></p> <p>Ultrasound interventions of the upper limb <i>H Gupta</i></p> <p>What the hand surgeon wants to know from ultrasound imaging <i>S Hughes</i></p> <p>Challenges and pitfalls in paediatric ultrasound <i>K Kingston</i></p>	<p>Physics 3 - Chairs : N Dudley & S Wolstenhulme Modern doppler</p> <p>Technologies for assessing blood flow and their clinical impact on modern practice <i>Prof N Pugh</i></p> <p>Visualising the pulsing brain using Doppler ultrasound <i>E Chung</i></p>	<p>MSK Fundamental</p> <p>Chair : M Maybury</p> <p>This workshop is intended for those with sound knowledge of ultrasound instrumentation but little or no experience in MSK u/s scanning</p> <p>Must be pre-booked.</p>
15.00 - 15.30	Refreshment break			
15.30	<p>Obstetrics 4 Chairs : A McGuinness & P Cantin</p> <p>How useful is Doppler in the assessment of fetal well-being? <i>C Lees</i></p> <p>Case-based discussions in Obstetric ultrasound <i>T Overton</i></p>	<p>MSK Advanced Chairs : N Delves & A Carne</p> <p>Groin anatomy reviewed <i>R Peddada</i></p> <p>Ultrasound of the hip <i>E Rowbottom</i></p> <p>International request for MSK injection teaching - collaboration between Essex University and ASA <i>S Innis & A Hall</i></p> <p>16.30 : Open Forum discussion with <i>Prof C Martinoli</i></p>	<p>Physics 4 - Chairs : A Lim & C Moran Quality & Safety</p> <p>Physics of interactions with tissues: Challenges in Practice <i>Prof G ter Haar</i></p> <p>Developments in Ultrasound QA <i>N Dudley</i></p>	<p>MSK Fundamental Chair : J Dent</p> <p>A continuation of the earlier afternoon session. This is an opportunity to work in small groups with experienced ultrasound trainers who will help with basic MSK ultrasound techniques on cutting edge ultrasound systems.</p>
16.45	Welcome Reception 17 .00 - 18.30pm in the Technical Exhibition
