

DAY 3 - FRIDAY 9th December 2016

	PLENARY 1	PLENARY 2	PLENARY 3	WORKSHOPS	Satellite
09.00	<p>Abdomen/General Chairs : P Cantin & C Harvey</p> <p>Varicoceles - Diagnosis and Difficulties <i>J Belfield</i></p> <p>Ultrasound of Extra-testicular Masses <i>D Huang</i></p> <p>Ultrasound Management of the Impalpable Testicular Lesion <i>S Freeman</i></p>	<p>Vascular Chairs : T Gall & S Rogers</p> <p>Update from NAAASP <i>L Summers</i></p> <p>Fusion Imaging of AAA <i>TBC</i></p> <p>3D ultrasound for prediction of AAA rupture and EVAR assessment <i>C Lowe</i></p> <p><i>Proffered Papers</i></p>	<p>Professional Issues : CASE Chairs : P Parker & R Evans</p> <p>Vision and opportunities for education in diagnostic imaging. <i>A Culpin</i></p> <p>Changes to the sonographic career pathway - Impact to the profession <i>R Evans, OBE</i></p> <p>Changes to the sonographic career pathway - Impact to the education <i>Chair of CASE</i></p> <p><i>Proffered Papers</i></p>	<p>Elastography Masterclass</p> <p>Led by Prof A Lim</p> <p>This workshop will outline the different Elastography technologies available followed by a practical session on how to perform strain and shearwave elastography using different scanners. Potential clinical applications will also be discussed. The workshop is aimed at sonographers and sonologists who would like to start utilising Elastography in their routine clinical practice.</p> <p><i>This session must be pre-booked</i></p>	<p>Translational Ultrasound</p>
10.30 - 11.00	Refreshment break				
11.00	<p>Abdomen/General Chairs : S Freeman & J Pilcher</p> <p>The clinical value of ultrasound in assessing patients with chronic liver disease <i>L Corless</i></p> <p>Ultrasound of diffuse liver disease and advanced applications <i>Prof D Cosgrove</i></p> <p>Pitfalls in Hepatobiliary Ultrasound <i>C Harvey</i></p> <p><i>Proffered Paper</i></p>	<p>Vascular Chairs : R Simpson & L Smith</p> <p>Managing patients in extreme environments <i>Speaker - TBC</i></p> <p>Point of care ultrasound for vascular trauma <i>Speaker - TBC</i></p> <p>Ultra high frequency ultrasound for vascular applications <i>S Rogers</i></p> <p><i>Proffered Papers</i></p>	<p>Professional Issues : Debate Chairs : R Evans & A Lim</p> <p><i>"Ultrasound is dangerous and should be controlled like drugs, alcohol and arms"</i></p> <p><i>For : R Moshy</i></p> <p><i>Against : Prof G ter Haar</i></p>	<p>DVT Led by B Sarker</p> <p>This training sessions provides 3 hours of practical training with experts in this field. Ideal for students and those who wish to improve their technique.</p> <p>E-lectures provided in advance covering DVT scanning in the arm, pelvis, fem-pop segment and calf veins.</p> <p>The 3 hour session includes technique, pathology and reporting advice.</p> <p><i>This session must be pre-booked</i></p>	<p>Translational Ultrasound</p>
12.30 - 13.30	Lunch break				
13.30	<p>Abdomen/General Chairs : S Freeman & P Cantin</p> <p>Cystic lesions of the Pancreas <i>A Razak</i></p> <p>Cystic Lesions of the Liver <i>J Pilcher</i></p> <p>Cystic Lesions of the Kidney <i>O Byass</i></p> <p><i>Proffered paper</i></p>	<p>Vascular Chairs : T Gall & S Rogers</p> <p>Digital artery assessment in the treatment of syndactyly in paediatric patients <i>R Winterton</i></p> <p>Ultrasound and carotid plaque imaging <i>R Simpson</i></p> <p>Carotid plaque fusion <i>L Smith</i></p>	<p>Early Pregnancy Chairs : R Moshy & A McGuinness</p> <p>Free Fetal DNA Blood test – the answer to 1st trimester screening <i>S Bower</i></p> <p>1st Trimester Anomaly detection – more than a screening test <i>A M Coady</i></p> <p>Beyond abnormalities and screening – what more can the 1st trimester scan offer? <i>E Greco</i></p> <p><i>Proffered papers</i></p>	<p>DVT</p> <p><i>A continuation of the earlier morning session</i></p>	<p>Translational Ultrasound</p>
15.00 - 15.30	Refreshment break				
15.30	<p>Abdomen/General Chairs: D Cosgrove & J Pilcher</p> <p>What is the Role of Ultrasound in Trauma? <i>D Gay</i></p> <p>What is the Role of Ultrasound in Inflammatory Bowel Disease? <i>P Rodgers</i></p> <p>What is the Role of Ultrasound in Renal Obstruction? <i>P Cantin</i></p> <p><i>Proffered papers</i></p>	<p>Vascular</p> <p>Led by T Gall & S Rogers</p> <p>A small group workshop examining prepared case study images to identify some common and not so common vascular pathology!</p>	<p>Early Pregnancy Chairs : R Moshy & C Kirkpatrick</p> <p>1st Trimester Imaging and Management</p> <p>Gestational trophoblastic disease and Doppler – an aid to diagnosis <i>Prof A Lim</i></p> <p>Potential pitfalls in the diagnosis of miscarriage and ectopic pregnancy <i>J Ross</i></p> <p>Hot topics in early pregnancy imaging. Test your knowledge and skills <i>J Arezina & A McGuinness</i></p>		<p>Translational Ultrasound</p>
17.00	CLOSE
