

Student Focused Satellite Meeting

Tuesday 10th December 2019

Chairs: Jane Arezina, University of Leeds, Gareth Bolton, University of Cumbria

- 10.00 **Welcome and introduction**, TBC
- 10.05 **Imperforate Hymen: The role of ultrasound**,
Ruth Kelly, Midlands Regional Hospital Portlaoise, University College Dublin (**Proffered Paper**)
- 10.15 **Round Ligament Varicosities: A rare presentation in pregnancy**,
Ruth Kelly, Midlands Regional Hospital Portlaoise, University College Dublin (**Proffered Paper**)
- 10.25 **Is it me or is it the fetus? – Trusting your instincts as a new practitioner**,
Orna Murphy, Lister Hospital East and North Hertfordshire NHS Trust (**Proffered Paper**)
- 10.35 **A retrospective clinical audit to determine sonographer compliance with the “twice on the couch” policy**,
Anthony Rawson, Northern Lincolnshire and Goole NHS Foundation Trust, University of Leeds (**Proffered Paper**)
- 10.45 **Outcomes of ultrasound-guided transperineal prostate biopsy under local anaesthetic - A safe and tolerable technique?**,
Adam Morrell¹, Kirstie Godson², Paul Baxter², ¹Radiology Leeds Teaching Hospitals NHS Trust, ²Leeds Institute of Cardiovascular and Metabolic Medicine, School of Medicine University of Leeds (**Proffered Paper**)
- 10.55 **Questions and Close**
- 11.00 **BREAK**
- 11.30 **Using ELfH as part of an ultrasound programme**,
Mrs Shelley Smart, University of Cumbria, Mrs Dorothy Keane, Society and College of Radiographers
- 11.50 **Assessment of the efficacy of the British Thyroid Association’s 2014 guidelines for sonographic assessment of thyroid nodules**,
Henry Sheppard¹, Pauline Rajan², Praharaju Janaki², Osama Om-rani¹, ¹Barts and The London School of Medicine, ²Radiology Princess Alexandra Hospital(**Proffered Paper**)
- 12.00 **Advanced scanner controls and safety**,
Dr Nick Dudley, Lincoln County Hospital
- 12.20 **Vascular Abstract-Superficial Vein Thrombosis, not a deep problem?**,
Deirdre Walsh, Radiography and Diagnostic Imaging, School of Medicine University College Dublin (**Proffered Paper**)
- 12.30 **Advanced Practitioner Sonographer, Northern Medical Ultrasound “No Win, No Fee” (Medico-Legal Case)**,
Mrs Susan Foster, Northern Medical Ultrasound
- 13.00 **LUNCH**

- 14.00 **Consultant Practice,**
Mrs Catherine Kirkpatrick, Lincoln County Hospital
- 14.20 **Masters Degree (MSc) in Medical Ultrasound (Direct Graduate Entry Route) - A Therapeutic Radiographers Perspective,**
Laura Morton, University of Cumbria (**Proffered Paper**)
- 14.30 **The diagnostic performance of Shear-Wave Elastography (SWE) as a predictor of malignancy in thyroid nodules,**
Jake Wheeler¹, Kirstie Godson², Jane Arezina², ¹Ultrasound York NHS hospital, ²Medical Imaging University of Leeds (**Proffered Paper**)
- 14.40 **The role of simulation in sonographer education – a PhD,**
Mrs Catriona Hynes, Sheffield Hallam University
- 15.10 **Should the velocity pulse trace of the main portal vein be measured as well as Colour Doppler when screening cirrhotic livers for portal hypertension?,**
Katie Newstead, Ultrasound Derby University (**Proffered Paper**)
- 15.20 **Splenic Artery Aneurysm,**
Eamon McNulty, HEM Clinical Ultrasound LTD (**Proffered Paper**)

15.30 **BREAK**

- 16.00 **DMB Lecture: A Handmaids Tale**
Dr Trish Chudleigh, The Rosie Hospital, Cambridge University Hospitals Trust and University of Hertfordshire

17.00 **Welcome Drinks Reception**

This Student Focused Satellite Meeting runs parallel to the the main BMUS Ultrasound 2019 Meeting. This session gives students the opportunity to present work to their peers and other interested parties at a main conference during a dedicated session. The cost to attend these sessions is highly reduced for students.

Fees: £30 (this allows access to the student lectures, the DMB Lecture and the Exhibition only)
