

ULTRASOUND 2019
Diagnosis, Disease and Delivery

DAY 3 - THURSDAY 12TH DECEMBER 2019

ULTRASOUND 2019 Diagnosis, Disease and Delivery						
DAY 3 - THURSDAY 12TH DECEMBER 2019						
	Hall D	Queen's Suite			King's Suite	
	GENERAL MEDICAL The Dilated Kidney	Seminar Room 1 HEAD & NECK 2	Seminar Room 2 VASCULAR 1	Seminar Room 3 VETERINARY 1	Seminar Room 4 Practical Training	
09.00	GENERAL MEDICAL The Dilated Kidney	HEAD & NECK 2	VASCULAR 1	VETERINARY 1	MSK PRACTICAL	
	<p>The dilated kidney in the neonate and child: US Findings, causes, alternative imaging <i>M Shahid</i></p> <p>The dilated kidney in the adult: US Findings, causes, alternative imaging <i>O Byass</i></p> <p>The role of imaging guided intervention in the treatment of the renal obstruction <i>A Khan</i></p> <p>CT or Ultrasound in patients with macro and microscopic haematuria? <i>A Ikwuagwu</i> <i>Proffered Papers</i></p>	<p>Endocrinology for the Ultrasound Practitioner <i>A Barnes</i></p> <p>The rare and unusual world of head and neck lumps – Thinking Outside of the Box! <i>R Evans</i></p> <p>Alternative Imaging in the Head and Neck. Introduction to Cross-Sectional Imaging for Ultrasound Practitioner <i>R Evans</i></p> <p>Focussed ultrasound for brain therapy <i>W Gedroyc</i></p>	<p>Duplex ultrasound assessment of the upper limb veins: a how-to guide with practical advice and guidance on patient positioning, exam techniques, common pitfalls and diagnostic reporting of findings. <i>H Anderson</i></p> <p>Duplex evaluation of the arteriovenous fistula for vascular access, where are we now? An up to date review of current imaging techniques and diagnostic criteria <i>M Bartlett</i></p> <p><i>Proffered Papers</i></p>	<p>Plethora of interesting cases <i>N Dickinson</i></p> <p>Ultrasound pearls and challenges : A primary veterinary clinician's perspective <i>N Casey</i></p> <p>Development of workforce(s) to use ultrasound imaging in veterinary care: a framework approach to supporting education, regulation and scope of practice <i>S Richards</i></p> <p>Ultrasound of joints; when is it complementary to radiography? <i>T Maddox</i></p>	<p>Upper limb scanning</p> <p>Faculty: <i>A Hall</i> <i>S Riley</i> <i>K Simm</i> <i>S Ali</i> <i>M Maybury</i> <i>K Godson</i> <i>C Drury</i> <i>S Cochran</i> <i>N Delves</i></p>	
10.30	REFRESHMENT BREAK					
10.50	GENERAL MEDICAL 2 The Jaundiced Patient	PROFESSIONAL ISSUES 2 Horizon Scanning- Peering into our Future	VASCULAR 2	VETERINARY 2	ACADEMIC WRITING	
	<p>Biochemical markers - what are LFT's all about and who on earth is ELF? <i>L Corless</i></p> <p>The jaundiced child: US Findings, causes, alternative imaging <i>H Woodley</i></p> <p>The jaundiced adult: US Findings, causes, alternative imaging <i>R Albazaz</i></p> <p>Jaundice after liver transplantation: What the surgeon needs to know <i>D Vijayanand</i> <i>Proffered Papers</i></p>	<p>Radiology and Sonography – now and the future <i>R Evans</i></p> <p>Ultrasound Education & CASE. Where are we now ? <i>S Richards</i></p> <p>Why I love sonographers! <i>P Hall</i></p> <p>Sonography as a Profession. Where are we now? <i>P Parker</i></p> <p><i>Proffered Papers</i></p>	<p>Duplex evaluation of the Kidney including, assessment of renovascular disease, detection of hemodynamically significant renal artery stenoses and renal transplant surveillance <i>C Deane</i></p> <p>An overview of Renal diseases; Symptoms, Diagnosis, and Treatment. Diagnostic ultrasounds role in the patient pathway. <i>S Acton</i></p> <p><i>Proffered Papers</i></p> <p><i>Questions and Discussion</i></p>	<p>'Black Box Ultrasound' – The rationale for a systematic approach in Veterinary Medicine <i>W Humphreys</i></p> <p>The Use and Abuse of Ultrasound in Small Animal Internal Medicine <i>R Littler</i></p> <p><i>Proffered Papers</i></p> <p>Local anaesthetics are my magic bullet <i>M Martinez</i></p>	<p>ACADEMIC WRITING</p> <p>Come and join our experts for an informal 'coffee & chat' session on Academic Writing and receive top tips on to how to get your research published.</p> <p><i>G Harrison & H Edwards</i></p>	<p>MSK PRACTICAL (cont'd)</p> <p>Lower Limb Scanning</p> <p>Faculty: <i>A Hall</i> <i>S Riley</i> <i>K Simm</i> <i>S Ali</i> <i>M Maybury</i> <i>K Godson</i> <i>C Drury</i> <i>S Cochran</i> <i>N Delves</i></p>
13.10	LUNCH BREAK 'Education on the Stand' with Hitachi Medical Systems					
14.00	GENERAL MEDICAL 3 Clinical Conundrums What to image; how to manage	PROFESSIONAL ISSUES 3 Standard Setting the Whys and Wherefores	Vascular 3	VETERINARY 3		
	<p>Developing World Ultrasound 2019 <i>R Beese</i></p> <p>Management of Incidental Findings <i>P Cantin</i></p> <p>Chest US - Is there more to see than fluid - <i>A Wong</i></p> <p>Palliative care imaging - a role for hospice based ultrasound <i>J Eastman</i> <i>Proffered Papers</i></p>	<p>Why Are Standards and Benchmarks Important to Ultrasound Departments <i>H Edwards</i></p> <p>How Does Publishing , Research and Audit Affect Patient Safety? <i>G Harrison</i></p> <p>The Quality Challenge; using the imaging standard to ensure a safe, patient centred, quality service <i>C Woodgate</i></p> <p>Equipment QA - The Forgotten Standard? Why it Matters <i>N Dudley</i> <i>Proffered Papers</i></p>	<p>Vascular assessment of the liver <i>C Griffin</i></p> <p>Peripheral Vasculitis <i>F Joshua</i></p> <p>Clinical conundrums of giant cell arteritis <i>S Obaid</i></p> <p>Using Doppler in Giant Gell Arteritis <i>F Joshua</i></p>	<p>Real-Time Remote-Guided Ultrasonography - Using Technology to Deliver Continuous Training and Improved Diagnosis <i>N Summerfield</i></p> <p>Responsive Curriculum Building – How it may help in defining practice standards <i>N Garrett</i></p> <p>Debate</p> <p>1. Is it now time for formal stand-alone Veterinary Ultrasound training programmes / modules?</p> <p>2. Should CASE accredit these stand-alone ultrasound training programmes / modules in line with Diagnostic Medical Ultrasound Training?</p>		
16.00	Conference End
